Hi Fans,

The Small Faces, Stevie, Plonk, Kenny and Mac all send you their love and look forward to seeing you as they travel all over the country, and welcome all new members to their Fan Club.

The Small Faces new record "SHA LA LA LA LEE" b/w "GROW YOUR OWN" has just been released (Jan. 28th) and they hope that you will like their new disc, which was written for them by Kenny Lynch and Mort Shuman. We think its great and we are hoping that it goes right to the top of the charts, as it deserves. This disc follows "I'VE GOT MINE" which was written for them for the film they are in called "DEADLINE FOR DIAMONDS". Hope that you all go to see the boys looning about on film - it should be out very soon. By the way, don't forget the nicest way to send a message to a friend is to request a Small Faces record on any one (or all) of your favourite disc shows.

The Small Faces first disc "Whatcha Gonno Do Bout It" was recently released in the U.S.A. and we receive many letters from fans in the States who rave about the record and the boys.

ITEMS OF INTEREST

We now have a selection of 10 x 8" photographs of the boys which are available to Fan Club Members at a fee of 2/6d each. Should you be interested please remit Postal Order made payable to The Small Faces Fan Club.

Many of you have asked how Jimmy Winston is getting along since he left The Small Faces to go solo. Well Jimmy is just fine and very soon his first disc since going solo will be released. Mac, who took his place has fitted in with the rest of the boys very well, and we hope that when the fab four visit your area you get the opportunity of seeing and hearing Mac playing a fantastic number called "Coming Home Baby", its really fantastic.

Before going any further we would like to apologise for any delays in dealing with your letters, but we try to get through them as quickly as possible. It really is fantastic the number of letters we receive from the fans, absolutely hundreds every week, and our membership is really growing. However, we love to hear from you and thank you all for your wonderful letters, please keep writing.

Just recently Fran and Yvonne resigned as Club Secretaries and the job has been passed to us. Fran particularly was very sorry to have to give this job up, she really loved it, but found things getting a little too much for her, since she is married and with a baby, but she said she loved hearing from you all and hopes you are all keeping well.

So many of you write and ask where the boys buy their clothes. Most of them are bought in Carnaby Street, London, W.1., which has some fantastic boutiques that sell the very latest styles. The boys certainly like to be one step ahead with the latest gear, and take great trouble in selecting their clothes.

2.

They have a wonderful selection of casual clothes, and are always buying new sweaters and trousers. They are crazy over check trousers, and they really look terrific don't you agree? They prefer light colours to dark, and pale blue figures a lot in their wardrobes.

Many of you have asked what the name is of Kenny's dog, his name is DRUMMER (appropriate don't you think) and he is so cute, Kenny adores him.

Stevie has asked us to thank those of you who sent him Birthday Cards and presents, he was really knocked out by the amount of cards sent him and very excited. He thinks its really great that you are so thoughtful, and thanks you once again.

Why the name 'Plonk' many of you ask - we asked Plonk, and he doesn't really know either! But says that its a name that just happened in the days when he first started "plonking" the guitar!

Referring back to the film "Deadline for Diamonds", many of you want to know the titles of the songs they feature in the film, and I quote the titles below:

"COME ON CHILDREN"  
"DON'T STOP WHAT YOU'RE DOING"  
"IT'S TOO LATE"  
"I'VE GOT MINE"

The boys recently went on a short tour of Belgium and France and had a really great time, they were so excited about making the trip, and the fans out there really went wild over them. They were out there for 3 days, and loved every moment. In February (FEB. 26th) the boys leave LONDON AIRPORT to fly to PARIS to appear at a place called LA LOCOMOTIVE, for just the one engagement. They will leave London Airport some time in the morning of that day - flight time is not yet set, so we cannot tell you at this time the exact flight. However, why not, if you are within easy reach of London Airport, come and see the boys off, I'm sure they would really love that.

The Small Faces met Georgie Fame the other day whilst at R.S.G., and Georgie was so pleased to meet them. In fact Georgie was so impressed with them that he phoned the boys Manager to tell him how great he thought they are (he's not alone is he?) but particularly he thought that Stevie was the greatest on the scene right now.

The boys recently moved into a new flat, as you may have read in the newspapers, and they really love it. They went on a shopping expedition for things for the flat and really had a ball. They have settled in very nicely now.

If, like us, you love to see the boys on T.V., don't forget to keep sending those requests in to get them played on R.S.G. TOP OF THE POPS, THANK YOUR LUCKY STARS and any of your particular regional programmes which aren't shown in the South and tell them its about time you saw The Small Faces again. If they know that you want the boys we are sure they will ask them to appear again. For record requests on Radio, write to the following programmes:

SATURDAY CLUB  
EASY BEAT  
THE BEAT SHOW  
LATE NIGHT LINE UP

TWO WAY FAMILY FAVOURITES  
HOUSEWIVES CHOICE  
JOE LOSS POP SHOW  
PARADE OF THE POPS.

3.

Right now the boys are being kept very busy indeed, with Television, Personal Appearances, Recording Sessions and Rehearsals that they hardly have a moment to themselves, and unfortunately means they do not have enough time to answer all those wonderful letters that you write to them personally. However, I assure you that the boys do see your letters, and if they do not have the time to answer them all personally, they ask us to reply on their behalf, and I am sure that you can understand their position, but they certainly love reading your letters, and often take note of useful suggestions for their stage act that the fans make.

Many of you have asked when they will be making an L.P., well inbetween times they are collecting material for an L.P. and as soon as they are satisfied with the numbers to be recorded they will go into a studio and make the record, as soon as that is done a release date will be set for same.

Right here and now we would like to take this opportunity of saying a big 'hello', along with The Small Faces, to all those fans who have written to us from such far-a-way places as the U.S.A., Canada, France, Germany, Nigeria, Malta, Aden, Poland and Norway - yes it's simply fantastic how far reaching the popularity of The Small Faces is reaching, and they, along with us, warmly welcome you to the Fan Club.

Well Fans, this just about winds up the News Letter for this period, and The Small Faces say that they hope to meet as many of their fans as possible in their travels up and down the country, and we hope it's not too long before they are able to visit their fans in all parts of the world. Once again thanks a million for all your lovely letters, and as The Small Faces say - "It's nice to be nice. Stay nice!"

NEWS LETTER NO. 3.

Hi Fans,

How are you all? The boys, Stevie, Mac, 'Plonk' and Kenny all send their love and thank you all for the hundreds of letters that they have received; they love reading them all, and they would love to write back to all of you, but the boys just haven't a minute to spare, but keep writing girls. Also 'Plonk' has given me a message to all of you who sent him cards and gifts, he loves them all, and he told me to tell you all that it was the best birthday he has had in a long time.

We are all thrilled that "Sha La La La Lee" got to number 1 in the charts, the boys were really knocked out, it was really a smash hit! Their new record "Hey Girl" b/w "Almost Grown" is also another Smash Hit; it is fantastic, even better than "Sha La La La Lee", so you can imagine how great it really is. The boys' record will be released on the 6th May, so get your copy now, before they are sold out. Also their L.P. is being released on the 6th May. I have heard it, and I know you will all love it. On the L.P. are the tracks ... "Shake", "Come on Children", "You'd better believe it", "It's too Late", "One Night Stand", "Wat'cha Gonna Do About It", "Sorry She's Mine", "Own Up", "You Need Lovin'", "E to D", "Don't Stop What You're Doing", and of course "Sha La La La Lee", it really is great, the boys wrote seven of the tracks themselves, Kenny Lynch wrote three of the tracks.

Thousands of you have seen the boys' film "Dateline Diamonds", and the Faces are thrilled that so many of you enjoyed it, a few of you were a bit disappointed, because the boys were not in it enough. The Trade showing of the film was great and they were mobbed at the doors, everyone was pleased to see that so many of you turned up to meet the Small Faces on the 29th March, (Tuesday) they loved seeing you and they would love to meet you again VERY soon. I have had many of you writing to me saying how much you enjoyed yourselves, and that you would love to have another meeting; well that is going to be arranged very soon, and we will try and arrange a meeting for the fans out of London, as well as the fans in London. Stevie, 'Plonk', Mac and Kenny told me that you were the greatest fans ever, and they always welcome new members. There were about one hundred girls at the Trade Showing, they were screaming and crying, Stevie and 'Plonk' were laughing all through the film, because they look a lot different now than when the film was actually taken, but they still looked just as dishy as they do now.

You will all be pleased to know that Kenny has passed his driving test. He was rather nervous, but who wouldn't be? He was so excited when he passed, but we all knew he would as he is such a good driver. He passed on the 4th April.

Stevie, 'Plonk', Mac and Kenny were very pleased to meet the fans who won the Fabulous competition. The girls had tea with the boys and they were very nervous meeting them. Four girls won the competition and they were the envy of thousands. They made the girls very welcome and before long the girls felt very much at ease. Stevie told me later that the girls were very friendly and nice, and then 'Plonk' yelled out from the other office that all the fans were nice. (So that's a compliment for you).

Not very long ago the boys had to have Police following them everywhere they went, because a fourteen year old was reported missing, and the parents of the girl informed the Police that she was mad on the Faces, so the hunt for the missing girl began, and everywhere the Faces went the police were right behind them, but everything turned out right in the end, and the girl was sent home. The Faces were a bit worried about her, so be careful girls, don't do anything foolish.

On the 18th April the boys appeared at the Streatham Ice-Rink, and Kenny was badly injured; they were mobbed and Kenny got the worst of it!! Stevie said that there were girls fainting and going hysterical, the poor boys were scared stiff, but when it was all over, they told me that you made them so welcome that they would love to go back there again sometime in the future. When the boys came to the fan-club they were covered in bruises, and aches and pains, but you were all great to give them such a fabulous welcome.

Stevie, Mac, Ken and Plonk were sent a gorgeous little dog which they named "Poo", (very original). They brought him to the office, and he was a mischievous little dog, we had to keep looking for him, because every time we turned our backs, he had disappeared, and so 'Plonk' got on his hands and knees and started searching for him. Poo was sent to them by a young girl in Oxford, he is really lovely. Also some girls from the North sent the Faces something that they will never forget - 7 alligators!! The boys jumped six feet when they saw them! At first they thought they were stuffed, until they started moving! Kenny was the brave one, he ran first, followed by Mac, then 'Plonk'. Stevie was too scared to move, but as soon as they realised that the alligators were quite harmless, they were not scared. The boys really do love animals - most of you have heard about their visit to the farm, which was in Fabulous. The Faces really enjoyed themselves, they had such fun; it is not often they have time to do things like that. They had such fun with the 'pigs', they liked the cows too, and the sheep seemed to be enjoying themselves just as much as the boys were. But girls, please don't send them any more pets, because they are loaded with cats and dogs, etc., and they find it so difficult to look after them all.

You may be interested to know how the fan-clubs are doing. Well, our fan-club is doing absolutely great; we now have over three thousand fans and the membership is growing fast, and we welcome all new members. Some fans have been getting a petition signed for the Faces to appear on the London Palladium Show. They have been getting hundreds upon hundreds of signatures, so fans, why don't you get a petition signed, to any programme that you can think of, and still keep sending in those requests to the Radio Stations. You are all doing a great job.

We now have five fan-clubs in America and Canada, they are doing quite well considering the Faces have never been seen over there, but they have just recorded a show for the U.S.A. television which was taken, on location, at London's Albert Hall, and we hope that will bring more fans in from abroad, but we are very pleased about the amount of fans that the American fan-clubs have got. We now have a fan-club for the North of England; the fan-club's Secretary is called Christine, so for all you fans in the North, don't forget to write to Christine, her address is:- Christine Coupe, 8 Cumberland Ave., Burnley, Lancs. Perhaps Chris can arrange meetings for the Northern fans.

Many of you want to know more about the Faces' brothers and sisters, so I decided to get the boys together and ask them, (almost impossible). The first Small Face I was able to catch was 'Plonk', and in his very 'posh' put-on accent, he told me about his elder brother called Stanley, who is 26 years old, so 'Plonk' is what you might call the 'baby' of the family: before I had a chance to ask 'Plonk' about his brother, he darted off to another interview, so I had to wait a few hours before I could carry on the interview. As Stevie and Mac were not in the office that day, I phoned them and asked them about their family. Stevie told me about his sister Kay, who is thirteen; he gets on very well with his sister and she just loves the group. Mac hasn't any sisters, but he has one brother called Michael, who is 23 years old; he also gets on very well with Mick, they are very much alike. Kenny has no brothers or sisters.

'Plonk' and Mac have recently been to Halifax where they bought lots of fishing gear. They are very keen on fishing and like to go there on the occasional day off. They have both enjoyed fishing since they were about eight years old, and they are still very interested in it.

I hope that you are all able to attend the N.M.E. Poll concert which is being held at Wembley Stadium. I hope to be going, but the tickets are all sold out. Nevertheless I must try and get in; it is on the 1st May. The boys are also on R.S.G. on the 6th May, and afterwards the Wimbledon Palais, and then Saturday Club on 7th May, so send your requests to be played on Saturday Club and other Radio Stations similar

to S. Club. It all helps to get the boys to be number one group. The Faces enjoyed themselves when they had to judge a beauty contest, they really had great trouble deciding, but enjoyed every minute of it. Also the boys had a great time at the Bradford Football Match, but as usual they were mobbed. The fans went frantic when their car drew up; there were girls all over the car.

Many of you have been wondering what 'labels' Mac collects. I asked him this only yesterday and he told me that he likes any sort of label, so long as it is very unusual; he even likes matchstick boxes just as long as they have very unusual pictures. He also likes bottles, very tiny ones, that are very unusual and hard to get.

The boys would like to apologise for not appearing at the Ideal Home Exhibition. They realised that many of you were very annoyed and upset, but they really couldn't help it. It was no fault of theirs. They were told that about 700 of you were waiting for them, and when they didn't turn up you were terrifically upset. We are all very sorry about this: I hope you understand that they couldn't help it.

Stevie, Mac, 'Plonk' and Kenny would very much like to thank you for the gifts you have sent them. They have loads of Gonks and they love them all: they get so many gifts and they are always thrilled with them. They receive Gonks, cloths, rugs (with Small Faces put on them), dolls, sweaters, shoes and loads and loads of other things.

The boys are still mad over the check trousers; you can't blame them when they look so good in them, can you? Stevie is so pleased that you loved them when they wore suits and ties. They told me that they will only wear them on special occasions, but don't they look smart? They are always buying suede shoes in Carnaby Street, also Stevie has bought a blue three-quarter length raincoat, because he is always ruining his suits and jackets, so he decided to get something for the rotten weather; it looks really 'Kinky' - it is very shiny. The boys have already had some suits made by a very excellent tailor. It is very different from what they usually wear. They did not buy these suits in Carnaby Street, and they look terrific in them, they look very handsome.

'Plonk' and Kenny, Mac and Stevie have been shopping for their house. They have been buying everything new and the house looks very nice. They bought a new three piece suite and lamp stands and everything you can think of. They had great fun picking out all these items.

I would like to apologise for any delays in dealing with letters and membership cards, but the membership is growing so fast it is impossible to keep everything up to date, but I do try! I am trying to get some badges for the fan-club; it will be quite a time before you can have one, but they will be great when the badges are ready. They will have the Faces' photo on the badge, so what more could you want. (Except the Faces!)

We are contemplating hiring a theatre in London for all of you to meet the Small Faces. There will be coaches available from towns as far as Manchester, the charge will be very small, to cover the coach journey. If you are interested, please enquire, and send a stamped addressed envelope, (as you must realise fan-club finances are low). We will let you know further details as soon as possible.

Well fans, I shall have to say goodbye now, so keep on writing to me and the boys and tell all your friends to write to me for membership. A lot of you are still writing to Fran & Yvonne at 18, The Dell. Well, they resigned months ago, so please write to the address on the first page. The boys hope to see you all very soon.

As Stevie, Mac, 'Plonk' and Kenny say .....

"It's nice to be nice. Stay nice."

Love,

Pauline.

NEWSLETTER NO.4.

Dear Fans,

Well I am back again with lots more news about the fab Faces, so much has happened so I had better begin straight away. First of all Stevie, Mac and Plonk and Kenny would like to say 'Hi' to you all, and to thank you for all the letters, cards and gifts that they have received, and I myself would like to thank the fans who have sent me postcards, we hope you are all enjoying your holidays.

I expect you all know by now that the Faces won the contest for the "Battle of the Giants", we only hope that they win the Melody Maker contest for the best group of the year in Britain. You have all done a great job by helping buy the Melody Makers and filling them in, the Small Faces are very proud of you.

Well fans have you all heard the Faces' new single??? isn't it fantastic! It must get to number one, it is too good for words. In case you do not know, the single is called "All or nothing" 'B' side is called "Understanding". Also the boys are working on a new E.P. which won't be released for a few months yet. Lots of you keep asking me about another L.P.: well, here's a shock for you, the Faces will have a new L.P. out by Christmas, so tell your parents and relatives to start saving, so you can be sure of getting your copy.

A couple of months ago I went to Wales with Stevie, Mac, Plonk and Kenny, as you can imagine I had a tremendous time. As soon as we arrived in Wales the boys had to tune-up. After their Road Manager Terry fixed all the gear which was all set on the stage, the boys played for about 30 minutes, and then Plonk, Mac and Kenny went off! So Stevie and myself were left alone. After chatting for about 10 minutes, I mentioned to Stevie that it was very quiet, so he jumped up and said "I think I'll have a go on the drums", so he sat himself down and started banging away at the drums. I had never seen him play them before and the result was - fantastic. A few minutes later another drummer appeared, and as there were two sets of drums he joined in, then two guitarists came in and jumped on the stage and started playing, then Miar Davies (who was singing in the same show) started singing and it was a great performance. Kenny came in, and the expression on his little face, he beamed at Stevie and sat next to me looking very proud, and there I was clapping my heart out. If only I had taken my camera, it was a sight that I'd love all you fans to have seen. The show itself was great, the audience was terrific; the Faces did two twenty-five minute performances and each time the hall was packed. The girls and boys were clapping and screaming as loud as they could. I went into their dressing room and met the boys as they were coming off the stage, and they were soaked to their skins from all the dancing around they did on stage. It was then time I left, so I said "Cheerio" to them all and Stevie hugged me goodbye because they were leaving that night for their Scottish tour.

Many of you would like to know what the Faces think of their fans, I asked them and this was the result:- Stevie thinks fans are marvellous, he loves chatting to you. Before he appears on each show he gets a little nervous,

but as soon as the screaming starts he immediately feels relaxed as he knows he has a good audience. I then asked Plonk, and he told me that he just loves the fans, but gets extremely frightened when he sees them running towards him, that is when he decides to 'bolt', so girls and boys if you decide that you want Plonk's autograph, don't run after him, or he will run faster!!! Kenny also thinks that fans are very important to him, and he admires them when he sees the same fans at each performance they play at. He prefers to hear about yourselves when he is talking to you than to talk about himself. Mac always talks about his fans and how great they are, he loves waving at you from the fan-club window, as he often does, and he always finds time to chat to you.

I get lots of letters asking me what I personally think of the Faces, well here goes. STEVIE: is extremely friendly and chats to everyone as though he has known them for years, he is always happy and I have never yet seen him in a mood, he is very well mannered and has a nice personality. When fans tear him apart he gets very angry (as a lot of you already know) but he forgets all about it after a few minutes, when he has forgotten about his bruises. Stevie is also very interested in what happens in the fan-club, and reads all his letters and helps in any way he can. PLONK: is also a very friendly person and very friendly towards the fans, he is a very happy person but he gets easily upset and has a temper, but like Stevie he soon gets over it and is back to his normal happy self. Plonk is more business-like than the other three and likes to know exactly what's what. When he reads his mail he puts on that posh accent and reads them aloud, if they have "personal" on the letters he disappears into another room, and comes out blushing, and will never show me them. KENNY: is supposed to be the quiet Small Face but only occasionally does he get his quiet moods. He is always up to mischief and jokes around all day, the only thing that ever upsets Kenny is - traffic wardens - then you will see him at his worst (when he gets a parking ticket). He is very sweet; when I first started working for them he seemed very shy, but he certainly isn't now. MAC: is always prancing about the fan-club offices, one minute he's in the office and then next minute he has disappeared. He takes everything as it comes and never complains about anything, he is very likeable and chats away all the time. He has just been given a huge cigar, but he told me after a few puffs he begins to choke, but he loves them (when he's not choking). I love working (slaving) for them because they are great boys, as you will all agree.

On the 29th May I went to see the Faces at the Marquee. I went with Stella who works the switchboard for the boys' Manager. We arrived at 7.20 p.m. to find queues of fans waiting outside, we went in and sat at the front. I met lots of you there and it was nice talking to you all. The Marquee was really packed. As soon as the Small Faces came on the girls went crazy whilst the boys (fans) just grinned. The Faces wore striped shirts which looked fab. They sang tracks from their L.P. and Plonk sang 'Shake'. I could only just about hear him as there was so much screaming. Mac was great on the organ and Kenny was doing a great drumming act, and of course Stevie was terrific. Just before the show finished Stella and I had to leave because the Faces' Road Manager was giving us a lift home. We turned to go and saw lots of legs; girls were on other girls' shoulders and all we could do was push. When I got through I looked round and saw lots of bodies falling all over the place. I must apologise if I hurt anyone (I am very sorry). Stevie told me later that they were well and truly mobbed. Luckily none of them was hurt badly.

The Faces have recently come back from Paris; the French fans went wild. Plonk and Kenny came back with lovely tans. As soon as they returned, they had to fly to Germany, which was a great success. They went for a week and enjoyed themselves very much.

The fan-club is doing very well, we now have over four thousand members plus six fan-clubs in America, and we have seven fan-clubs scattered all over the world. I would very much like to thank Hilary Tonks and her friend Jean Miller who have helped me a lot. Between them they have got me about 30 members and are still working hard, this pleases me very much. Also, Pauline Goatley has been helping out. Pauline and her three friends got

a petition signed with over three thousand signatures for the boys to appear on 'Blackpool Night Out'. It is marvellous the way you are all helping me.

Stevie, Mac, Kenny and Plonk went to Hyde Park, horseriding, and they were all very good. Kenny and Stevie go horseriding a lot and are almost experts, but for Mac and Plonk it was practically their first time on a horse. A bit of bad luck struck Stevie because the horse he was on was rather wild and decided he did not like him sitting on his back, so he did the original thing, he tossed him off!!!! Much to Stevie's disapproval, and he nearly broke his back. Plonk thought it was very funny sitting on a horse and just laughed and laughed till he nearly fell off! and Mac started trotting with the horse but the horse did not want to trot, he wanted to gallop, so off he went with Mac holding on for his life!! But really they enjoyed themselves, although I do not think that Mac and Plonk will go again for some time.

The fan-club badges will soon be ready, they take a long time to make, so fans just be patient. The badges will cost 9d. and you MUST send a stamped addressed envelope or you will not get your badge. They will be great when they are ready, with a fab photograph on the front.

I have been taking lots of photographs of the Small Faces, and they have come out very good. I will be selling them as soon as they get run off on my photo machine. I will be taking lots more when I go to the Faces' flat. I will then take some extremely funny and unusual ones.

If any of you fans have had unusual experience meeting the Faces, (printable ones only please), I will then print them in the next newsletter, which is next October or the beginning of November. I don't mind you sending the unprintable ones, I'll love reading them, but the Small Faces would not allow me to print them.

By the way fans, the Small Faces are raving over the Liverpool group : called "The Clayton Squares". Mac has just bought their latest single called "There She Is", it's great, and the boys never stop yapping about them.

Last Thursday I went with the Faces to Radio England's party which was being held at the Hilton Hotel. I had to meet the boys at their flat. I had to wait for about 1 hour till they were ready, so I played some of their fantastic L.P.'s - they have hundreds - then the car arrived and off we went. We arrived at 8 p.m. The Faces had some photos taken and then we went in to the hall where the party was. Everyone was there including Spencer Davies, Tom Jones, Moody Blues, Ringo, Sandie Shaw, Paul & Barry Ryan, Unit 4 plus Two, Sounds Incorporated, The Truth and much to my amusement Benny Hill and loads of other stars. We sat at our table while the group Zoot Money played, the boys were thoroughly enjoying themselves, Kenny was darting all over the hall meeting all his friends and dancing all the time, Stevie was also chatting away to 'his' friends. He left the party at about midnight as he was very tired, but Kenny was still going in full swing, whoever said that he was the quiet one of the Small Faces??? At about 3.30 in the morning the party was still in full swing, but it was time myself and Lynda (Faces Manager's secretary) were going home. So Kenny gave us a lift. I will never know how we got home, because none of us knew where we were going. All we knew is that we wanted to get to Surrey, so Lynda gave us all the directions, and we somehow got to Surrey in 15 minutes, when it usually takes 30 minutes. Kenny, Lynda and I just cannot work that out!! We arrived at Lynda's house and Kenny stopped the car. Then all of a sudden he fell asleep over the steering wheel, so we had to fill him up with black coffee to wake him up a little. It was a great evening, one which I shall never forget.

Well fans that just about winds it up for now, so keep on sending me your letters, as I love to hear from you. Don't forget about sending me your 'unusual experiences meeting the Faces' - if you have any! And do not forget to send your 9d. and stamped addressed envelope for your badge. Keep on sending your letters to the boys, they have great fun reading them. And if any of your friends want to join the fan-club, just tell them to drop me a line and I will be very pleased to hear from them. As you can see from the top of the first page we have The Hollies as Honorary members, we are delighted to have them as they are such good friends of ours. Stevie, Mac, Plonk and Kenny have a message for all of you.

"Take care, and we will see you on our travels", and as we all say

"It's nice to be nice.....Stay nice". Bye, Love Pauline.

NEWS LETTER No. 5.

Dear Fans,

Hello again! How are you all? I have loads more news about the fantastic Small Faces, so are you all sitting comfortably, then I will begin. Stevie, Mac, Plonk and Kenny all say 'Hi' and they hope you are all well and laughing!! Kenny celebrated his birthday on the 16th September and he was shocked at the amount of cards and gifts he received, he just couldn't believe it, and just didn't know what to say! Kenny told me to thank you all a thousand times over.

As you can see above, we have the Nashville Teens as Honorary Members, the Teens are great guys and are best friends with our boys. When Stevie meets Ray (singer of Teens), they are like a couple of old women, they just never stop talking, I know the Teens fan-club secretary very well, so if you want to join her fan-club, just let me know, and I will give you her address.

Well fans, as we all expected, "All or Nothing" was a smash hit; when it reached No.1 the Faces received hundreds of telegrams from all over the world, congratulating them. Stevie just couldn't stop laughing, he was so happy! Mac was telling me about the new L.P. which is now being released in November, the tracks I have heard so far are great. This L.P. proves that the Faces have really loads of talent. Their new single will shortly be released, so if you buy the Musical papers every week, you will be able to know the exact date when it will be released, so start saving, because about three thousand fans have their money ready, just waiting for it to be in the shops, they all want to be the first to buy it!

As thousands of you already know the Small Faces tour with Radio England went like a bomb. Plonk told me that they all love touring because it's such a 'gas'. I went to Lewisham Odeon, and they did a great performance, in fact the boys were the greatest I had ever seen them, and the audience, well they were terrific. I also went to Birmingham. When I arrived there were thousands of fans, I somehow got in and went to the dressing room, Stevie introduced me to Dave Berry, and I chatted to him for about half an hour, he is extremely nice, and he is my favourite solo singer; then to my surprise I was attacked by four Small Faces and Dave Berry, and their weapons were "Crazy Foam". They covered me in it, Stevie squirted it all over my hair, Kenny put it all on my face, and I was helpless. After I got all cleaned up, I decided to go backstage, where I thought I would be safe, one of the D.J's pointed at me to two other D.J's, and then they started squirting me with Crazy Foam, and they really covered me, with the help of the Kocbas, "Have you ever felt you weren't wanted" I went back to the dressing room and knocked on the door, and Plonk's brother Stanley opened the door, and he wouldn't believe I was 'Pauline', he yelled to Kenny and Plonk, and said "there's some nutter here claiming she's Pauline. Eventually I convinced them it was me, and they let me in.

I expect you all know by now that the Faces have had to leave their lovely house in Pimlico, they loved it there, but they just didn't get any peace whatsoever. Stevie already has a flat, and Mac, Kenny and Plonk are still looking! Stevie has been buying lots of new items for his flat and he loves it, and it's in a very quiet area! Kenny would like a flat in London, but would also 'love' an old house in the heart of the country, he loves the country and then he could ride Pedro (his horse) whenever he wants.

The Faces are having quite a few changes in cars just lately, every car they buy seems to break down after only a few weeks of driving the boys around. Terry recently bought them a large white convertible car, Plonk and Mac wanted it so that they could have the top down and get all the fresh air into their lungs, but after one day of having the roof off, and having their hair blown all over the place, and getting drenched, when a downpour of rain caught them before they had a chance to put the roof on, they decided that their lungs would have to put up with an ordinary car!!!!

ITEMS OF INTEREST for members only.

10 x 8 photographs of the Small Faces, for only 2/6d each. (so send for yours now). Badges, with a fabulous photo on the front. They cost 9d. each, you must send s.a.e. And now I have some FANTASTIC pens, that only cost 1/6d. They are blue, and in gold they have inscribed on them - "I am a Small Faces Fan Club Member", and on the other side it says "Stevie, Mac, Kenny and Plonk", so order your pen now! The fan-club is still growing like mad, we have over 7,000 members, so you must forgive me if your letters have been unanswered, but I am so over-loaded with work, I just can't find the time to answer every letter! The boys have been very helpful in answering a little of their thousands of letters, if ever they get half an hour off, they all troop up to the fan-club, and help as much as they can. Mac has a habit of coming in with a pair of scissors and cuts out all the foreign stamps, and puts them in his pocket, and leaves my desk a shambles of torn up paper. Plonk pinches all my photographs of the fans, or pictures of the fans' pets, he doesn't tell me what he wants them for! So if any fans have sent me photographs which they want signed, and haven't received them, you know who has pinched them. Stevie pinches all my pens, pencils, etc., and I can never find anything, and if I ask him if he's seen a certain pen, he goes through his pockets and gives it back to me. Kenny pinches all my badges (now you know why I am behind with my work). But if it keeps them happy!

In my last newsletter I asked if any of you have had unusual experiences meeting the Faces, well I have been overloaded with letters, so it would be unfair to print them just yet, because I have got hundreds more to read! They are all very interesting.

How would you like to win a shirt belonging to your favourite Small Face? I mean it, would you? All you have to do is send in your scrap book, and Stevie, Mac, Plonk and Kenny will pick the best four, and the best FOUR will win the shirts, and I promise you the shirts are very genuine. When sending your scrap book, send a large stamped addressed envelope so that I can return your books, otherwise they might get lost. If you win, the boys will personally write to you and ask you which shirt you would rather have, Stevie's, Mac's, Plonk's or Kenny's. So fans, start sending them, you are only allowed to send one book.

In August when the Faces appeared on Ready Steady Go, Mac introduced me to Sonny and Cher. I was stunned by Cher's beauty and Sonny's personality, they were very anxious to find out about the fan-club, and were asking me questions all about it. They love the boys and told me that they always buy all their records.

I would like to thank all the fans who voted for the Small Faces in the Record Mirror, it was marvellous the way you all helped. The next poll concert will be the N.M.E. which will be between December and February, so watch out for that, and do your best. I know you will, I can always rely on your help.

IMPORTANT

I would like to remind members that a lot of you have not renewed your membership cards. I must warn you that if you do not renew them as soon as possible, you will not be getting any more newsletters and be able to enter competitions, and that would be drastic. So please send me your old membership cards, with 5/0d postal order, and I will send you a new card. Ta!

On the back of the Date Sheet, I have listed our fan-club branches, so if you want any pen-pals in these Countries, just write and tell them what you want, and then await your reply.

QUICKIES

Stevie loves joking around....Kenny thinking of buying another horse (to keep Pedro company).....Mac & Plonk very tanned from their Spanish Hol.....Stevie given little Poo to parents.....Mac looking for way-out furniture for the flat.....Plonk had his hair cut.....Kenny loves food.....Stevie thinking of buying a car.....Faces still collecting Gonks.....Stevie's sister visited the fan-club.....Kenny got some new Bongos.....Plonk's given up smoking.....Mac loves cigars.....Mac bought a mohair suit.....Stevie loves acting.....Kenny loves yellow.....Kenny thinking of selling mini.....Mac loves Maltesers.

Many of you keep asking me why Stevie does a cross sign on stage after some of his songs. I asked him and he told me that in some of their songs Mac does a bit of a solo on the organ, and it sometimes sounds like 'church music' and that is why he does the cross sign.

Did you know that the Small Faces have all got nicknames, well they have, and I'll tell you what these names are!! Bone, Pin, Lug and Eyes!! Stevie's nickname is Pin, Kenny's is Eyes, Plonk's is Bone, and Mac's is Lug. The Northern fans gave them these names. The boys thought the names were a 'gas'. If you see the Faces and decide to shout out "Oi Bone" you had better make sure it is the Small Faces, or you are liable to get a "black eye"!!!!

The American tour has now been put off! I expect you are glad to hear that. But as the Americans are a bit behind, the Small Faces have to issue a special record, which should impress the Americans. As you can see from the list of fan-clubs, they have loads of fans over there.

Recently the Faces went to Germany again. Plonk told me that the buses over in Germany are more like planes, because there are coffee and tea machines, and conductresses that are like air hostesses. When Plonk got a cup of coffee the bus jerked and his cup of coffee had disappeared. He very secretly looked to see who was the unlucky person to have got drenched, and Stevie looked at Plonk and said "What's it all about?" (Stevie was the unlucky person). Then Plonk decided to wait till the bus stopped! so as soon as it stopped he went and got another cup of coffee, he had just filled it up when the bus started up with a big jerk, Plonk flew to the back of the bus and fell on some old lady's lap!!!! She gabbled on in German, and later he found out that she called him "A silly great brute". Of course Plonk thought it was hilarious, whilst Stevie was pretending that he didn't know him. That is just one of the thousand incidents that happen to them. On the way back, the boys were delayed for 4 hours by fog, and the office was in an uproar, because their Manager Don Arden did not know if they would be back in time for Basildon, so for all the fans who saw them there, you don't realise how close you came to not seeing them!!

I have listed the Venues for November, December and a few of January. Before attending any of these, please phone the place you are attending to make sure it hasn't been cancelled, and if you can't get through you can phone me at GERRARD 9602, but only if it is important. If it is I will be only too pleased to help, and of course if you do phone, ask for me! I have had many fans phoning me and asking about a meeting, well as you know there will be one, but as the Faces are so busy, I cannot yet make a definite date, but as soon as I can arrange one, I will let you all know. You also ask about Tee-shirts, well we haven't any yet, but there may be a chance that we will have in the future.

Stevie caused a sensation last week by walking down Regent Street in white trousers, and a lovely blue silk shirt, everyone was staring because he looked so dishy! Also if ever you get the chance to walk down the street with Plonk, or ride in a taxi with him, you will never live it down, because.....he has a habit of waving at everyone, and saying 'hello' to people he's never met before, or pulling faces, and people think he's a bit????? And Mac, well you could walk down the street with him, and turn to say something and he won't be there, and you would search for him, and he would have disappeared, that's Mac all over - then he would turn up about a mile behind you!! As for Kenny, he has a bad habit of hitting 'ME' on the head with his drum sticks, and if I complain he starts to laugh, and have you ever heard Kenny laugh!!! He does that to everyone, even in the street, and he pretends he knows nothing about it, and then someone else gets the blame, that's what comes of Mr. Kenny Jones looking so innocent.

Well fans, that's it for the next three months, if I have time I will try and get the next newsletter a little bit earlier, as I know you hate waiting for the next letter. Don't forget to vote for all the Poll Contests, Stevie, Mac, Kenny and Plonk tell me that they love you all!!! So keep writing to me and the Faces, we all love hearing from you, don't forget we have pens, badges, photographs, and don't forget the competition, as if you could. I will go now, and collect the shirts, be good and careful. The Faces hope to see everyone of you soon, they can hardly wait to get your scrap books.

It's nice to be nice. Stay nice.

Hi ~~Small~~ Face Fans,

The Small Faces all want to give you a special 'thanks' for making their Christmas a very special one, by sending them so many beautiful gifts and cards, Kenny had to park his car outside the fan-club to bundle all the cards etc. into the car, and off he went to show the rest of the fabulous four. I cannot tell you how happy you made them feel. I would like to thank the fans that sent me cards etc. it was so appreciated, thanks a lot!

As you can see from above, the fan-club office is temporarily at Regent Street. The Small Faces are no longer managed by Don Arden, they are managed by Harold Davison and Tito Burns, who also handle many other top artistes very successfully. The fan-club office is run from Harold Davison's office, so I am afraid that you will not be allowed to visit us any more, due to the fact that it is a very busy Company, but you can still phone me at REGENT 7961, but only if it's urgent.

Now back to the Small Faces, their new single is yet to be decided, but keep a look out for it, because you don't want to find that the Record Shops have sold out!! So get your money ready so that as soon as it's released you will get your copy. The Faces are sorry about the delay in getting their L.P. released, but they assure you that it won't be too long now. "My Mind's Eye" was a great success, it almost reached No. 1. I think it could have reached that spot, if there hadn't been a mix up over the two different versions, although I expect you will all agree that it was a fantastic record.

I expect you are all dying to know who won the Small Faces shirts, well the 'lucky' girls are: Linda Webster from Yorkshire, Marlene McDermott from Walthamstow, Hilary Tonks from Peckham, and Jill Hunson from Essex; the girls went crazy with excitement when they received personally written letters from the boys. Mac told me that he never wants to judge another competition as hard as that one, I must admit along with Stevie, Mac, Plonk, and Kenny, that the scrapbooks were all so good, that the boys had a lot of difficulty in deciding. Kenny kept repeating "They're great, let's keep a few!" But Stevie reminded him that all the scrapbooks must be returned. The next comp. will be much easier for you and the Faces, all you have to do is send an ordinary postcard with not more than 25 words telling the boys why you love them so much, and Stevie will pick out four cards, and the winners will get a souvenir from him, and in each newsletter from now, we will hold a competition to win something from each Small Face in turn. If you don't agree with this competition, write to me and tell me what sort of comp. you would like to have, after all this is your newsletter. And I will see what I can do.

As you probably all know the Small Faces did very well in the N.M.E. Poll Contest, it was just marvellous, Plonk remarked "We have a great bunch in that fan-club." So keep up the good work!

A lot of you keep writing to me asking me what sort of girls the boys like most, so I decided to sit each Small Face down and have a serious interview with them, so here goes:- WARNING please do not go dying your hair, growing it, cutting it, or start going on a diet, because the boys do not want mums and dads chasing them all around the offices because their daughters are starving themselves, and dying their hair. Let's begin the interview: Stevie ... "I like girls who like me for

myself, and not because I am in a group, I think girls with long blonde hair are a 'gas', but it really doesn't matter an awful lot, because as long as their hairstyle suits them ... they are fine with me! My ideal girl is .. well .. I can't really say because just as long as she's nice, she's my ideal girl". "I would like her to share a great deal of interests, otherwise we wouldn't get on, would we? and she would have to be VERY understanding, any girl who goes out with a pop-star would need to be." So on we go to the next S.F. which is Plonk .... "Oh! girls, who doesn't love them? I certainly do, I wouldn't mind meeting a girl from Venus, but I reckon that's pretty difficult, don't you? You just can't say what your ideal girl is, because you don't know till you've met her, I don't mind if the girls are a little taller, but I like them slim, although 'fat' girls have a great sense of humour. I reckon that counts a great deal!" So on we move to Mac .... "I also like girls a lot, I think Cher is a 'gas', although I don't go only for beautiful girls, personality counts most of all. All four of us have had loads of girl friends, and I always go for personality, of course 'looks' count, the one thing I just can't stand is girls who are too pushing, and there are hundreds of girls like that nowadays. All of us avoid girls like that! Now we move on to Kenny .... "As long as they love horses, they would be my kind of girl, quiet seriously though, I spend so much time with my horse it would be just great to have a girl friend who is also a keen rider, it doesn't matter what colour hair they have, as long as they're pretty, and have a nice figure, and have a sense of humour, I reckon we would get along just fine, none of us have steady girls, because for a start we are much too busy, and if we do go out with girls it never lasts long, because we hardly ever see them!" So, girls, all four Small Faces are unattached, I expect a lot of you are very relieved.

#### QUICKIES

Kenny was going to grow a beard, but as we didn't want a kind of hairy Kenny, he decided not to ..... Stevie's really getting terrific on those drums ..... Mac has been choking himself with cigars which he got for Xmas from fans ..... A tour of U.S.A. is seriously being considered ..... There are some very hard working fan-club secretaries over there ..... Stevie was speechless when he saw the amount of birthday cards he received, he thanks all of you ..... Plonk gets on very well with Dave, the Road Manager, both do some marvellous impersonations ..... Stevie is great friends with Keith Moon ..... The Faces think the "WHO" are 'groovy' ..... The boys buy more clothes in Chelsea, than in Carnaby Street ..... All FOUR have flats of their own now ..... Everyone thinks Mac is Scottish, he is really half Irish ..... Ian or Mac is not quite sure which name he prefers, what do you think? ..... Stevie has not got a deadly disease, he is fitter than all of us put together.....

I expect you are all getting very impatient about this meeting between the Small Faces and their fan-club members, but it is really so difficult to arrange a thing like this, the boys are so busy, it is making it quite impossible at the moment. But as soon as we have some news, I will send out a letter to all of you.

Stevie and Plonk have written Chris Farlowe's next single, which is called "My Way of Giving", it is a fantastic record, and it will be released on the 27th January, I hope you will all buy the record, because as well as Chris singing, you will hear Steve and Plonk singing, and Steve will be playing the guitar, so with three great boys all singing on the same record, it is bound to be a hit, also Mick Jagger produced the session, so girls and boys, have you got your copy yet??? Well GET one!!!! (I know you'll love it.)

Well fans, Stevie has reached the ripe old age of twenty! He received so many cards, he just sort of stood there!! With a big grin on his face .... he received loads of cigarettes, gonks, socks, ties, jumpers, etc. He also received a large gonk ... it was nearly as tall as Stevie, - Plonk remarked ... "Looks a bit like you, Steve", and Steve answered, "Definitely looks like Kenny". I couldn't see much likeness, seeing that the Gonk had three eyes, and a nose about 1 ft. long, and ginger spikey hair. The next Small Face to have a birthday is Plonk, who will be twenty-one, so I will buy him something VERY special from all of us, as it's his 21st.

The boys are planning to do a tour of Italy and Scandinavia, they have absolutely loads of fans over there, who can hardly wait to see them. They are one of the

top groups in Scandinavia, and now Italy is going to know "What It's all about" with the Faces. The boys have fan-clubs all over the world, so now we hope to get one in Italy, which won't be very hard, after the Faces "hit" Italy.

As previously stated all four boys have now got separate flats, by the time you receive these newsletters, Plonk, Kenny and Mac will have moved in. They are living about 2 miles away from each other, so none of them have far to go, for company. The Small Faces are very proud of their new flats, and would like to stay in them, so fans please don't hang around their 'pads', otherwise they will have to leave, as they did their house at Pimlico.

On the back of this sheet of paper, I have listed the tour dates for the Faces, it starts from the 3rd March, till the 9th April. If the boys are playing in your town, book up for your ticket as soon as possible, because with stars like Roy Orbison, the tickets will sell like 'hot cakes'.

On the 6th January, the Faces played at the Uppercut, which is in Forest Gate, The place was packed out, and there were many celebrities. Amongst some of the stars there were two of the "Who", they popped in for about  $\frac{1}{2}$  hour, then they had to shoot off to a booking. Also a couple of the "Easybeats", and Jimmy Winston, and one of the "Rockin Berries" were there. I don't suppose the fans that were there noticed many of them, but many fans phoned me, and told me about the stars they picked out from the crowd. The boys were excellent as usual, and they loved the place itself.

Also on the 13th Jan. the boys played at the Starlite in Greenford, for all of you who went, you gave them a fantastic welcome, Stevie said "It was a great atmosphere, the audience were a gas!" Kenny interrupted by saying "Couldn't have got another person in the place", then Mac yelled out "Yes, great, we must play there again some time!" and Plonk who wanted his say .. "The bouncers are a little friendlier to our fans in the Starlite, I hate bouncers who hit them, it makes me mad, but what can I do about it?" (then he looked around to see that no one was listening), "They are all twice my size!!!"

Well fans, we still have pens, badges, and will soon have some more photographs, the blue pens are 1/6d., the badges are 9d. and the photographs are now 3/6d, they are much better than the other photographs, and therefore more expensive. We have fan-clubs all over the world, so if you have any pen-pals who want to join the fan-club, I will send you the address for that country. The membership of the fan-club is now 10,000, it just keeps growing and growing, and I get about 500 letters a day, it is fantastic. A great deal of the mail comes from abroad, even from Japan, Brazil, etc. Well, that's just about it, folks! Myself and the Faces hope you will be able to get to at least one of the tour dates. Don't forget about the competition. Be good, and keep writing .... the next newsletter will be about April to May, so till then ....

"It's nice to be nice .... stay nice,"

bye.
